June 30 marked the end of the fiscal year and another year of service provided for our riders. SMTS provided 283,963 one-way trips and drove 3,151,792 miles from July 1, 2022, to June 30, 2023. An accomplishment as significant as this could only be achieved because of the hard work and dedication to our mission that each driver and coordinator puts forth daily.

★★★★★★

**Exciting Changes for Rolla.**

SMTS will launch our third deviated fixed route service on August 14, 2023. This route is set to provide service for the City of Rolla. It will operate on an hour time loop to allow multiple locations to get many necessary items. There will eventually be a second route that will specifically provide transit service for Missouri S&T students, allowing them to connect with the main route for no charge. There is yet to be a launch date for that route, but it will hopefully start by September.
Meet the Main Office Staff!

TAMMY WARD
Since 2023
Receptionist

Favorite Color: Red
Favorite Holiday: Thanksgiving
Favorite Hobby: Reading

If you could be immortal for one day what would you do?
Be in the midst of a tornado or hurricane!

Camping is a favorite summertime activity! Many people take for granted this fun outdoor event. Please do your part to leave no trace to ensure fun for years to come.
Rural Transit Day!  
July 16, 2023

Rural Transit Day is a special day created to highlight the work of transit agencies in recognizing passengers and staff. It also brings attention to rural transit's unique challenges and opportunities.

The goals of Rural Transit Day include:
1. Understand the unique needs of rural passengers and plan services to meet those needs.
2. Provide all passengers with helpful, courteous, and respectful customer service.
3. Deliver equal service to all passengers, regardless of age, background, abilities, income, or gender.

Since 2023  
Favorite Holiday: Christmas  
Favorite Dessert: Carrot Cake  
Favorite Part of the Job?

My favorite part of the job is helping the elderly and non elderly, and disabled and non disabled to be independent. So they can get to there appointments and go shopping on their own and be out in the community as you and I can be.
